

## PROJECT PROPOSAL

Each group should submit a one to two-page written project proposal. The proposals should include enough detail to convince that you fully understand the selected topic, you have mapped out a plan, and you have an idea about the implementation of your project.

A project proposal is expected to contain these elements:

<b>1. Title</b>	<i>Title of your project.</i>
<b>2. Team members</b>	<i>Please list your project team members.</i>
<b>3. Goal</b>	<i>What am I going to do? Who would benefit?</i>
<b>4. Scope</b>	<i>What are the things that will be covered?</i>
<b>5. Approach</b>	<i>What approach am I going to try?</i>
<b>6. Methodology</b>	<i>What method will you use to address your topic? What resources do you need? (Cloud platform, SW, and Tools) What tasks need to be implemented? Describe each task briefly.</i>
<b>7. Summary</b>	<i>What will I learn by doing this project?</i>
